To Whom It May Concern:

This letter is my personal recommendation for Benjamin Maerke. Statewide Photo Service is Rhode Island's leading provider of virtual tours and photography services for the real estate industry. Ben was brought onboard as a freelance production assistant during the summer of 2009.

Ben proved to be a talented and dependable asset to our company. His knowledge of the Internet and PhotoShop, allowed him to get up to speed quickly with a minimum amount of training. By the end of the first week, he delivered the high quality standards that our clients have come to expect.

Besides his obvious technical talent, I was particularly impressed with his positive attitude and work ethic. This job allowed him the luxury of working from home, yet required him to meet strict deadlines while maintaining high quality and complete all jobs before ending the day. He never missed a day or a deadline. As a matter of fact, he even worked everyday during a family vacation to Florida.

Aside from his normal job responsibilities, he also revamped the company website and streamlined several of our production processes. I recommend Benjamin Maerke without reservation. I am confident that he will be a tremendous asset to any organization or project. Feel free to contact me personally if you have any questions about this talented young man.

Sincerely,

Bill Powers
